

SUNBREAK RANCH LEADERSHIP TEAM

We challenge you to find a more qualified Management Team (anywhere in America) to launch the Sunbreak pilot program to lead America out of our current homelessness quagmire.

Look at the leadership qualifications and experience with this team — the decades of service-to-nation and service-to-community — the extensive commitment and effort to helping the homeless — as well as the significant law enforcement and judicial experience. This team will succeed.

The news of Sunbreak San Diego will spread rapidly — and it is a model that can be quickly replicated in every city with need. The successful implementation of Sunbreak San Diego will ultimately save hundreds of thousands of lives across America, alleviate widespread suffering, unlock unfathomable human potential, and clean up America's cities for all of us.
